

## Index Plungers · with mounting flange

22120.0936

### Product Description

Index plungers are used for indexing bores.  
For fixing onto thin walled parts.  
The small dimensions are a feature of these index plungers.

#### Material

##### Flange

- Zinc die-cast, zinc-plated by galvanization

##### Locking pin

- Steel, hardened

##### Knob

- Thermoplastic PA 6, black, dull

#### Operation

When using locking index plungers the knob is pulled out and turned 90°.

#### More information

#### Notes

Knob not removable.

#### Further products

- Locating Bushings, for index bolts and index plungers
