# **Disc-Type Handwheels** • light metal

# 24600.0316

# **Product Description**

There are gripping indentations on the rear sides.

For all handwheels, the hub is machined, rim is turned and mirror-finished on all sides. The unmachined raw surfaces have been blasted clean. Together with their mirror-polished rim, these handwheels therefore present a finish which generally does not require additional lacquering.

#### Material

### Axle part

· Steel, zinc-plated by galvanization

### Handwheel

· Aluminium permanent-mould casting

#### Cylindrical handle EH 24530

 Thermosetting plastic PF 31, black similar to RAL 9005

## **Assembly**

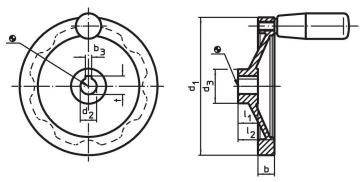

Shaft-end washers EH 22270. for axial fastening.

#### More information

## **Further products**

- · Shaft-End Washers
- · Cylindrical Handles, rotating

#### **Drawing**

The orientation of the hub keyway may be different than shown in the drawing.
