

High Knurled Nuts • DIN 466

24780.0300

Product Description

Knurled nuts are very versatile. Three material versions for the different requirements

- Steel, blackened
 - Steel, zinc-plated by galvanization
 - Stainless steel
- are available.

Knurled nuts can be easily tightened and released by hand. The ribbed outer surface of the nut prevents slipping when tightening / releasing with the fingers. The high knurled nuts are manufactured according to DIN 467.

Material

- Stainless steel 1.4305, dull blasted

More information

Notes

Knurling pitch and knurling depth may differ from DIN.

Further products

- Flat Knurled Nuts, DIN 467
