# Hinges • elongated on both sides 25165.0110

# **Product Description**

The different versions cover many applications that require a low load.

These metal hinges are characterised by their simple design and the different versions:

- · without bores
- with bores
- with bores for countersunk screws

The version without bores can be assembled by welding or by inserting a specific drilling pattern.

### Material

### Body

Stainless steel 1.4301

#### Axis

· Stainless steel 1.4301
