# **Hinges** • elongated on both sides

# 25165.2050

# **Product Description**

The different versions cover many applications that require a low load.

These metal hinges are characterised by their simple design and the different versions:

- · without bores
- · with bores
- with bores for countersunk screws

The version without bores can be assembled by welding or by inserting a specific drilling pattern.

#### Material

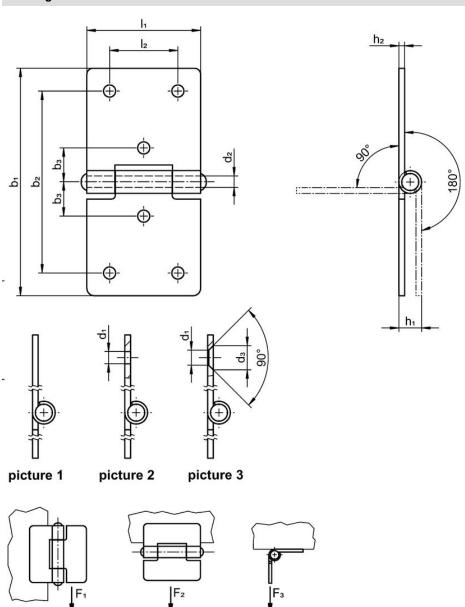

#### Body

Steel, zinc-plated by galvanization, passivated

#### Axis

· Stainless steel 1.4301
