

## SIMPLEX insert • Rubber composition, black, with "Stand Up"

EH 3202.

### Product Description

The black SIMPLEX rubber composition insert (series 3202) with its hardness of approx. 95 Shore A is a medium hard insert. Ultra low-wear, impact cushioning and odourless, it offers a much longer service life than a conventional rubber hammer. This top seller made by Halder has now been developed further: Boasting an ingenious shape, the rubber insert with "Stand-Up" (3202.2) allows the hammer to stand securely on its head and reduces the need to bend over, making it possible to work in a much more ergonomic and back-friendly manner. Can be ordered and combined with all size D60mm and D80mm SIMPLEX soft-face mallets.

Product features:

- Further development of Halder's top seller: The rubber insert with "stand-up" (3202.2) ensures back-friendly working and reduces the need to bend over.
- SIMPLEX rubber composition insert
- Black
- Medium hard
